

8/11/70

Dear Emory,

I'm so jammed that if I do not respond to your 8/8 immediately, if inadequately, I might forget.

Fake SS agent: suggest you write Archives, sending copy Kelley letter referring them to you. You will get a meaningless response telling you they can't help you (pls send me copy). Then send it to Kelley and ask him to tell you, directly, whether he knows of any investigation of this officially-reported crime, by any agency of, if the federal government, knowing that in the assassination of a President (a matter on which you'd presume the SS would leave no stone unturned) especially, a federal officer ~~was impersonated~~ was impersonated, did nothing.

DJ. If you've sent the DJ 118 form, write a letter of appeal to Mitchell. They may take it to mean you intend going to court. It may get you an answer. It has sometimes been helpful to me, but they KNOW I'll take them to court.

Moss office: I can make my own entry there, but perhaps an indirect one would be helpful. You can tell them, if you'd like, that you understand I have a mind-blowing file on such things in writing and from personal experience.

Thanks for the enclosures.

Good luck,
